Hawthorne Gardens Memory Care provides a warm, safe environment to help those who care for loved ones who have Alzheimer's and other memory loss disease. Participants in our support groups receive emotional support, practical assistance in coping with the challenges they face and to understand the person with the disease. Our support group provides the latest information about research. All meetings are confidential and free of charge.

Group is facilitated by Dr. Meagan Lawler, Psychologist/Gerontologist and Executive Director at Hawthorne Gardens. Meagan has many years of experience as memory care consultant and family therapist.

To RSVP and for more information contact
